DR. S. S. TODD DEAD

THIRD VICTIM IN ONE FAMILY IN THREE WEEKS.

OLD AND HONORED PHYSICIAN.

WIFE AND SISTER-IN-LAW PRECED-ED HIM ONLY A SHORT TIME.

and lived in the same house, was also stricken. It seemed as if the death of Charles Williams, Dr. Told's brother inlaw, who died last March, was the beginning of the list of fatalities in the family. Dr. Told had a slight strack of pneamonia about a year ago, but recovered from it and, as a prominent physician said test night, he had appeared in better health and younger than for many years. This was up until the time his wife fell lit, about three weeks ago. On the day she was buried he had a premonitory at tack, which was not considered serious, but which developed rapidly with alerming symptoms as the days passed, and grant and the proportion of the commissioner. A restraining order was issued by Judge Henry, of the circuit court, but before he could decide the question of issuing a temporary injunction. Prosecuting Attorney Reed, acting for the Democratic commissioner. and lived in the same house, was also but which developed rapidly with alerming symptoms as the days passed, and when his sister-in-law died last Tuesday he was unable to follow her body to the grave. His was a brave struggle against overwhelming odds. A physique naturally frail and much weakened by age and recent bereavements was not able to with-stand disease, although for days he fought Judge Burnham Rebuked Him for Not back the specter that was pushing him toward the grave.

Dr. Todd was II years old last March. He was born on a farm near Veray, Ind.,

Possessing brilliant and extraordinary talents, and having acquired a good English education in the schools of his na-tive state, at the age of 19 he entered the office and became the pupil of Dr. iWIIiam Davidson, a Scotch physician of much local reputs, at Madison, Ind. Under his preceptorchip, in addition to a most vigorous and thorough schooling in the funda-mental branches of medicine, he gained a tolerable knowledge of the Greek, Latin and French languages.

After four years of pupilage, and a few months of hospital service with the army in Mexico, whither he had gone during the Mexican war, he found himself a member of the senior class in the Indiana Medical college, then located at La Porte. In Febmakes it, which guarantees its merit. roury, 1849, with eighteen others, he re-ceived the degree of doctor of medicine, and was awarded the highest honors of his class. Soon afterward he began the prac- Leroy Rattan, in Police Court for tice of his profession at Lawrenceburg. met with an old friend and classmate, Dr.
J. F. Boyre, with whom he entered into
an agreeatide professional partnership
which lasted five years. At Santa Rosa his
two children were born.

At the breaking out of the civil war Dr.
Toda wars still pursuing his studies and
practiting his profession in San Francisco,
where he had expected to he are permanearly, but when the urgent call for freedywas made he offered his services to the
government, was appointed surgeon of the
Fourth regiment of culifornia volunteers
and served in this capacity till the glose of
the wor. He then, at the earnest solicitation of friends, pettled up his affairs in
callfornia and took thail deave of the Paclic coast. In September of the same year
he came to kansas City. His first wife
died during his resilence in callfornia and
he was married in January, 185, to Mrs.
Thirza F. Dean, daminter of Thomas Scott,
of Ann Ariser, Mich., and widow of Tr.
William H. Dean, of Minnertia.

In September, 1850, with several others
among whom were Drs. E. W. Schauther
and B. R. Forter, he founded the Kansas
city college of Physicians and Surgeons,
he himself being the author of Hs charter, He filled the chair of professor of absterrices for several years and had been

Missouri, and in 1873 was elected president.

He was also a member of the Kansas City District Medical Society, honorary member of the State Medical Association, of Missouri, corresponding member of the Boston Gynecological Society, and member of the American Medical Association. His contributions to medical journals were varied and numerous and won for him a national reputation. He was Kansas City's first city physician. Only a few days before his death he treated several patients and may be said to have died in harness. In 189 he advocated the treatment of cholera by intusion of water into the cavines of the body. He was laugued at. The treatment to-day has been adopted by all the leading physicians of America and Europe. Several physicians and surgeons said yesterday that for Todd stood in the front rank of the medical profession here. For Schauffler paid a line tribute to his memory when he said that as a man Dr. Todd had the highest sense of honor and was an absolute stronger to deceit.

He left two sons, Rush B, and Frank S. Todd, both by his first wife. One of his sons is a large capitalist, and the other has immense land interests in Southern California.

Dr. Todd will be buried in Elmwood cem-

ON THE MARKET.

California Plums-Abundance of Late Products.

The Kansas City market is loaded with good things sent in from every part of United States, shipments from the Atlantic coast c-owding shipments from the Pacific coast for first place in the selection of the head of the household for the ta-

of the head of the household for the table.

Heavy shipments of Pennsylvania grapes have forced the price down to 15 -cuts a braket and the market is overstocked so ladily dealers find it hard to unload even at that prie- California Tokay grapes are plentiful but are considered a luxury and sell well at 20 cents a bound. California plants sell at 5 cents a dozen and California plants sell at 50 cents a dozen, Quinces are quoted at 50 cents a dozen, and of excellent quality.

In the vegetable line there is an unlimited supply of late products at reasonable prices. Late tomatoes, equal to the best that have been on the market this season, sell at 20 cents a pound Kalamazov clery, the blue ribbon variety, sells for 10 cents a bunch, and New Jersey has contributed sweet potatoes that can be had for 60 cents a bushel. The home grown average potato sells for 45 cents a bushel, colorado potatoes are offered at 50 cents a bushel, colorado potatoes are offered at 50 cents a bushels.

Baker, who fell at the battle of Bali's Bluff during the civil war. ame along as witnesses, to see that the body got justice meted out to him. The body asked the father why the body was not in school, and the excuse was given that he had no money to buy books. At this Judge Burnham lectured the father on his being a strapping man, and unable to get his boy a 23-cent book. The judge told the father he was the one who ought to be arrested, and that he had better put that boy into school and keep him off the streets. Notwithstanding the protestations of both father and mother, the boy was locked up until 3 p. m., and the neighborhood people were all pleased.

HELPED BY THE JUDGE.

Leroy Rattan, a very young boy, who lives in the East bottoms, was taken beblessed with two sons. His health failing, however, after a few years, he moved with his family to California, in 1954, by the overland route, and reached Sacramento in September of that year. Then succeeded a period of two years in the gold mines of Phumas county, where he practiced his profession and conducted mining operations at the same time.

During the next five years he lived a comparatively quiet and uneventful life in the heautiful little city of Santa Rosa, county seat of Senoma county, where he met with an old friend and clossmate, Dr. J. F. Boyer, with whom he entered into fore Judge Burnham vesterday charged

"That Settles It"

said the cook to the landlady, as she put an egg in the coffee and threw in a dash of cold water, and the landlady thought it such a good joke that she went out and told the star boarder; and then the boarder remarked that he hoped he wouldn't have any "grounds" for complaint. Just after breakfast is a good time to think over this jacket question. Come where there are never any "grounds for complaint;" come where when a price is made, or a statement made, "that settles it". We're opening to-day another respectably sized lot of new jackets for women and girls; not a "too big lot"—not as big as we'd like, for we can't get 'em fast enough, but we're opening a dozen or two new styles and they're right-both in price and kind-

at \$4.50 good Kersey Jackets, full front and big buttons of pearl, blacks and colors.

at \$4.90 Black Cheviot, slippery surah body and sleeve lining.

at \$5.00 handsome Boucle in black, with twilled surah lining.
